

CHEMIST COLLECTION OF PRESCRIPTIONS

All patients who receive items on a repeat prescription must order them directly (a family member or carer can also order on your behalf). This can be done via the repeat prescribing **phone line (028 9260 4341)**, **face to face** at the surgery or via the **Practice website** (The Practice will need to supply you with pin numbers).

PLEASE NOTE:

Once you sign up to the Chemist Collection Service you are no longer able to collect any scripts at the surgery. They will automatically go directly to the chemist within 2 working days (with the only exception of urgent items after discussion with a GP and authorised to collect the same day).

We do not phone through or fax prescriptions to a chemist.

You **must allow 2 working days** from when you order to collecting at the chemist.

If you sign up to a chemist but continue to collect scripts from the surgery you will automatically be **OPTED** out of the collection service.

Please tick the box that you have read and understood the arrangement outlined above
